About This Game

Only you can destroy the evil space baddies and rescue the King of the Earth's beloved biscuit tin! Blast your way through 28 varied levels full of enemies, traps, lasers and explosions in Son of Scoregasm, the fantastic new shoot-em-up from Charlie's Games. Save the galaxy, rescue the biscuits, defeat the boss contraptions and challenge the world on the online leaderboards.

Features

- Fun and frantic twin stick gameplay
- 28 varied levels
- 7 different endings
- Expert difficulty for expert players
- Full Controller support
- Online rankings
- Biscuits!

Title: Son of Scoregasm
Genre: Action, Casual, Indie
Developer:
R C Knight
Publisher:
Charlie's Games
Release Date: 29 Nov, 2017

b4d347fde0

Minimum:

Requires a 64-bit processor and operating system

OS: Windows 7

Processor: 2 ghz

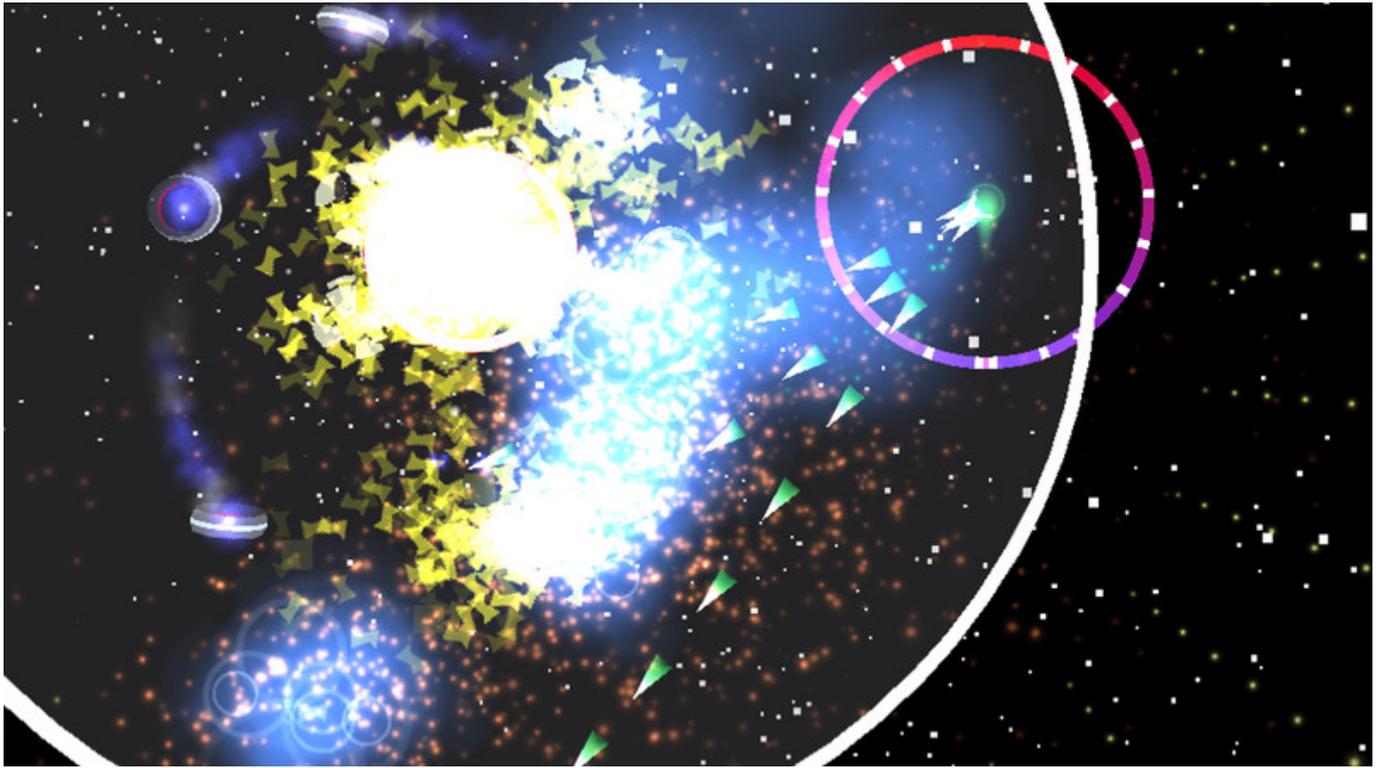

Memory: 512 MB RAM

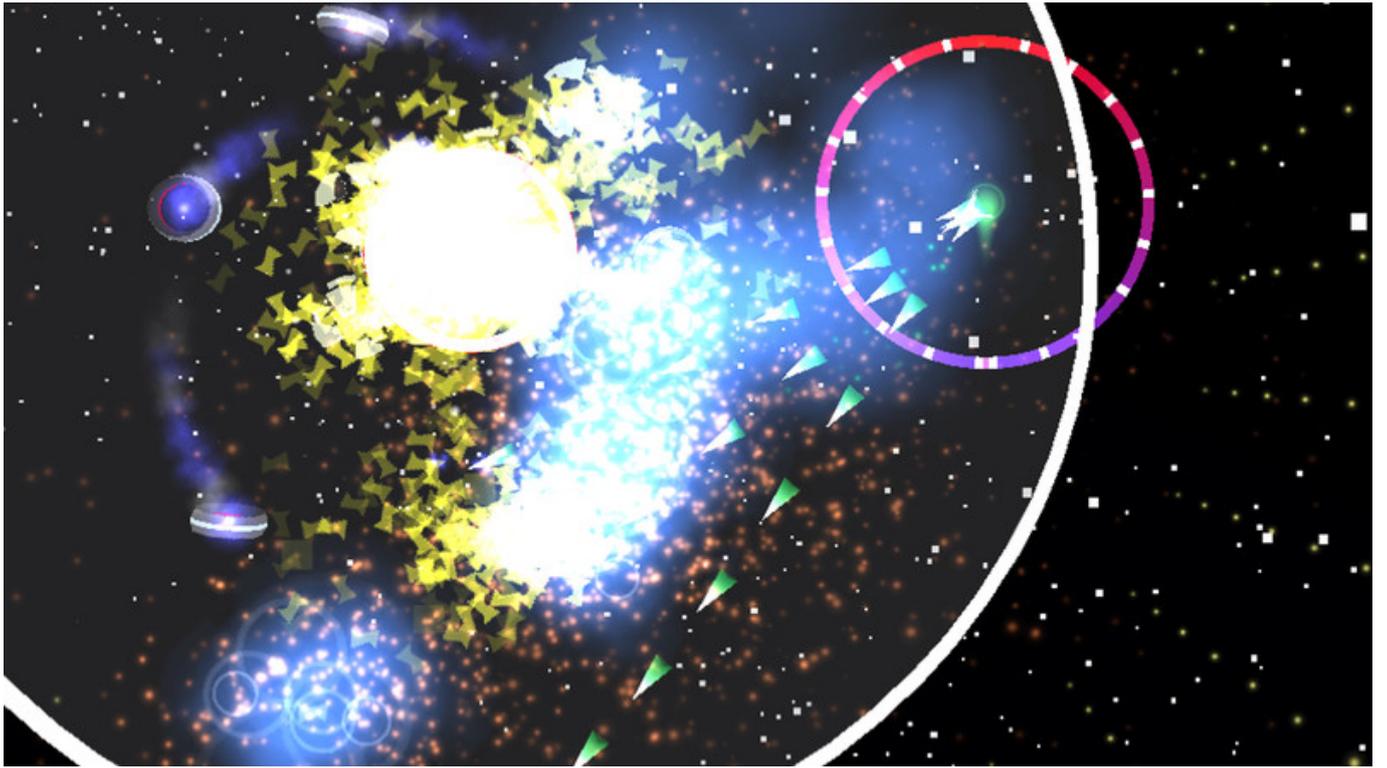

Graphics: OpenGL 2.1 compatible graphics card

Storage: 200 MB available space

English

son of scoregasm vita review. son of scoregasm (3.61) 3.65 vita

Quite cool, but waaaay to hard :(

Runs well on Linux and steam controller support is also nice.. Quite cool, but waaaay to hard :(

Runs well on Linux and steam controller support is also nice.. I'm not feeling this one. *Son of Scoregasm just feels all too standard, and not in a good way. The controls are tight, but the level design is all a bit sub-par. The artwork is meh. For those that have played longer, if I am missing something, please let me know and I will revisit - but right now I just don't feel compelled to keep grinding it out. The easy difficulty is, well, easy, and the harder ones just seem too masochistic for my tastes.*

Pros:

+The price point is fine, because if you get into it you will easily get your moneys worth

Cons:

-Everything is just too bland to be competitive in an overcrowded genre

-The artwork is too standard

I'd pass on this Son of Scoregasm.. A purist twin-stick shooter: each level challenges you to survive and to obtain maximum points.

Graphically excellent, with glow effects that are somehow not distracting.

Played this on ubuntu linux 16.04 with radeon mesa drivers, and I saw no technical issues in-game.

Xbox-type gamepad controller worked great, as expected in a twin-stick.

However, this is a tough game with no handicaps like powerups and equipment drops. You will be playing these short levels over and over until you get good enough or lucky enough, to avoid every single enemy. That gets old pretty quick, even at the Easy difficulty setting.

I also found the game did not reset the graphics correctly, although I have hopes that the developer will fix this soon.

This is not a real deep game, there is no story or quest or legacy system, it is just a really fine twin-stick shooter mechanic with stunning graphics. It is truly a winner, compared to other games in this style.. I'm not feeling this one. Son of

-The artwork is too standard

I'd pass on this Son of Scoregasm.

I'm so glad there's people like Charlie Knight out there that keep up the good tradition of British programmers to produce insaely colorful and difficult shoot'em ups. Small price, small download, honest twin-stick shooting fun. Just like Jeff Minter at his best.. A purist twin-stick shooter: each level challenges you to survive and to obtain maximum points.

Graphically excellent, with glow effects that are somehow not distracting.

This is not a real deep game, there is no story or quest or legacy system, it is just a really fine twin-stick shooter mechanic with stunning graphics. It is truely a winner, compared to other games in this style.. Great twin stick sequel to a great twin stick first game. Scoregasm 2 is more of the same Scoregasm goodness and that's just fine by me. Perfect for minimalist shooter fans..

Managed to beat every boss of this game. Brilliant twin-stick shooter and excellent follow up to Scoregasm. I like how the game

uses the multiplier to encourage you to make use of both the all-range and aimed fire attack in combination. Some of the later

and harder stages I found a bit too overwhelming with almost no clear pattern, but beating those on normal difficulty felt so

rewarding.. Managed to beat every boss of this game. Brilliant twin-stick shooter and excellent follow up to Scoregasm. I like
